Imagination is the world's most valuable resource. It's our window to the future, because if we can imagine it, we can create it. Mazda is built on a foundation of imagination and ingenuity. It's the fuel behind all we create and achieve. It has given us countless successes that once existed only in someone's imagination. These pages show how imagination is an integral part of our innovative cars.

BUILT TO DO IT ALL

New BT-50 is built tough to take on any task, and do it in style. It delivers grunt when you need it, and refined comfort with every drive. Fill it with gear, pull a load or take it off road. As a workhorse or a weekend warrior, it's always up to the challenge.

Smart connectivity, navigation and driver aids mean BT-50 is clever as well as capable. The spacious cabin is a stylish surprise, with a level of passenger comfort that makes it feel more like a car. And it's all protected with advanced safety features like airbags and Dynamic Stability Control.

Equipped for work, play and everything in between, BT-50 can do it all – with added Zoom-Zoom.

4x4 Double Cab Wellside GSX in Titanium Flash Mica.

POWERFUL YET REFINED

When it comes to New BT-50, looks are just the beginning. Built for fun as much as it is for hard work, the exterior is bold and adventurous. With its refined features, it's a cut above others in its class.

Styled with tough lines to match its solid capabilities, the bold new front is strong and powerful, for a commanding street presence. The slightly lowered angle toward the front gives it a sense of forward motion – and the perfect balance of strong and sleek.

4x4 Double Cab Wellside GSX in Titanium Flash Mica.

BRING IT ON

When it comes to performance, New BT-50 brings the goods. Built tough from the ground up, its ladder-frame chassis provides reinforcement for maximum rigidity. The resulting stability can be felt in car-like handling, while the powerful engine makes towing light work. Speaking of towing, BT-50 is capable of pulling an impressive 3,500kg⁴

Powered by new generation turbo diesel engines, you get more muscle from less fuel. Harnessing the power is up to you – choose from a rugged 6-speed Manual for complete control, or a versatile 6-speed Auto that also allows for smooth and intuitive gear changes.

4x4 Freestyle Cab GLX Sport in Blue Reflex Mica with optional tray fitted.

A GUTSY PERFORMANCE EVERY TIME

3.2L DIESEL ENGINE
 Feel the power of a five-cylinder engine with common-rail direct injection and intercooling. Pumping out 147kW and 470Nm of torque from just 8.9 litres per 100km² (combined), you get power and efficiency together.

LOCKING REAR DIFFERENTIAL (LRD)
 Standard across all models, the LRD maximises off-road grip by locking the rear wheels so both receive the same amount of torque. So even when one wheel has lost traction, the other provides drive.

AUTOMATIC TRANSMISSION
 Let the intelligent 6-speed Auto do the work for you, or step in for Manual gear shifts when the mood strikes. In Auto mode, Active Adaptive Shift (AAS) kicks in – intuitively changing gears to suit your driving conditions.

MANUAL TRANSMISSION
 Enjoy the smooth ride of a 6-speed Manual that delivers fluid precision-shifting ratios. Transition through gear changes with ease for a true sense of control over your vehicle's performance.

BODY
 High-tensile steel is behind the BT-50's durable body shell. Exceptionally strong, it also keeps overall weight down.

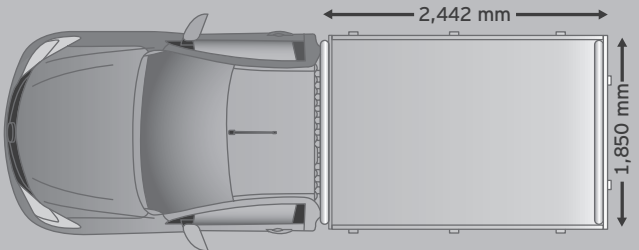

CHASSIS
 Reinforced with a rigid ladder frame chassis, BT-50 is ready to take on the heavy-duty jobs. Front wishbone suspension and rear leaf suspension cushion the ride for car-like handling on and off the road.

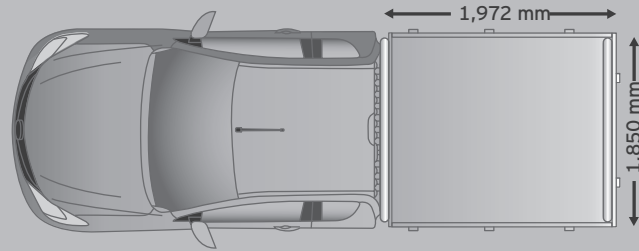

Make the most of generous power without the thirstiness you expect. New BT-50 comes with superior performance and fuel efficiency – perfect for those weekend getaways.

Take on the toughest tasks effortlessly, thanks to advanced common-rail direct injection. Boosted by a lag-reducing variable geometry turbocharger, the punchy 3.2 litre engine gives you 147kW of power and a whopping 470Nm of torque to easily overpower any challenge.

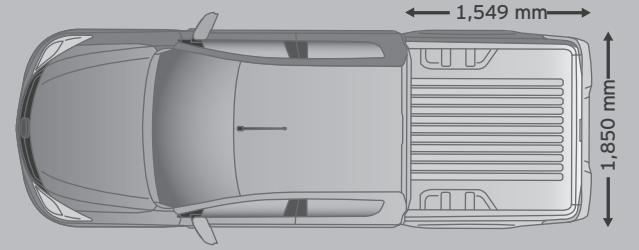

THE STRENGTH TO TAKE ON ANY CHALLENGE

Single Cab (Chassis)

Freestyle Cab (Chassis)

Double Cab (Wellside)

Equipped with power and backbone, BT-50 has an enviable towing capacity of up to 3,500kg⁴. Don't be afraid to give it heaps - depending on the model, it has the capacity to take on payloads of up to 1,506kg⁵. Venture off the beaten track with the rugged 4x4. Backed by the latest driver support tech, uneven terrain has never been easier to conquer. Jump between 2-High and 4-High at the flick of a switch, without stopping the vehicle.

Operated via a console switch, electronic Locking Rear Differential (eLRD) gives you maximum traction on uneven terrain. By locking the rear wheels, torque is distributed evenly between them. If one wheel loses grip, the other continues to provide power, turning the wheel to get traction on the ground.

⁴4x4 Double Cab Wellside GSX in Titanium Flash Mica with optional tow bar fitted.

THE CONFIDENCE OF FULL PROTECTION

Feel confident driving a vehicle that's big on safety.

Driver support begins with a rigid ride and accurate handling, giving you the capacity to avoid potential hazards. In the event BT-50 does run into trouble, it's well equipped to deal with it. The reinforced body shell is fitted with front airbags and head-protecting curtain airbags in all models. Freestyle and Double Cab models also come with the addition of side (front) airbags. And all seats feature three-point lap-sash seatbelts.

In 4x4 models, Hill Descent Control (HDC) automatically applies brakes to maintain a steady, low speed down steep slopes. Control is greatly enhanced, particularly in off-road conditions.

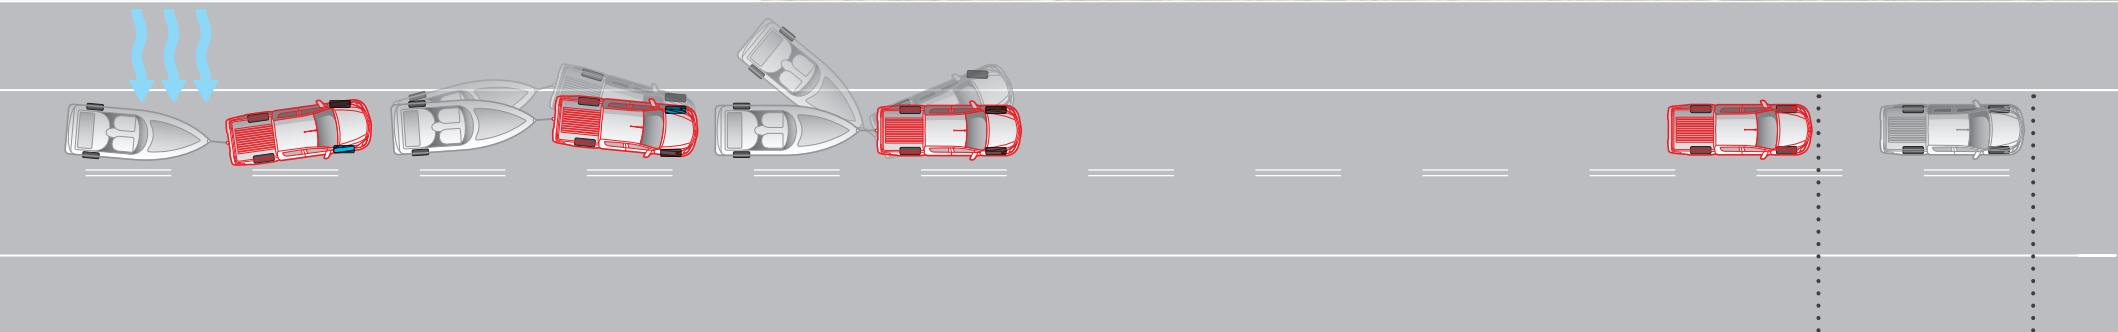

Roll Stability Control (RSC) monitors your driving data and applies appropriate measures to help prevent rollover. And when your cargo raises BT-50's centre of gravity, you've got Load Adaptive Control (LAC) for extra stability.

Dynamic Stability Control (DSC) helps keep traction in all conditions, managing the engine power and braking force delivered to individual wheels to avoid skidding or loss of grip.

ABS brakes feature Electronic Brake-force Distribution (EBD) which matches braking to vehicle load, while Emergency Brake Assist (EBA) boosts stopping power when emergency braking is sensed. An Emergency Stop Signal (ESS) activates the hazard lights to warn following drivers of sudden deceleration.

4x4 Double Cab Wellside GSX in Titanium Flash Mica.

SAFETY REFLEX

Trailer Sway Control (TSC) adjusts braking and torque to correct any side-to-side swinging movement of towed loads.

BETTER BRAKING

Stopping distance with EBA, ABS and EBD.

Stopping distance with no assistance.

INCLINES MADE EASY

Remove your foot from the brake on an incline and Hill Launch Assist (HLA) keeps the brakes applied, releasing them when there's enough power for a smooth start. While you're on steep slopes, Hill Descent Control (HDC) kicks in to maintain steady control of your speed.

A CUT ABOVE

Whether it's power, strength or capability, New BT-50 consistently delivers more.

With all the refinement of a car, New BT-50 makes it hard to believe you're in a ute. The interior is appointed with quality trims and finishes, while powerful heating and cooling provides comfort all year round, including dual-zone climate control (GSX models).

Enjoy clever thinking with useful driver technology, like trip computer, cruise control and wireless connectivity across the range, as well as satellite navigation in GSX models. Control it all safely from the steering wheel. Crank up the thumping 6-speaker audio system, including a CD player that hosts MP3 and WMA playback. The unit is also USB and Bluetooth® compatible, so you can make and answer phone calls with built-in hands-free connectivity!

When it comes to space, you'll be surprised how much smart storage can be found around the cabin. Tuck your gear away in the split-level centre console space, or the sizeable glovebox that swallows a 16-inch laptop. Drinks and sunnies have their own dedicated spaces, keeping them within grabbing reach on every trip.

4x4 Double Cab Wellside GSX Automatic.

MAZDA BT-50

SINGLE CAB

4x2 Single Cab Chassis GLX in Cool White (with optional tray).

4x2 Single Cab Chassis GLX with Black Cloth in Aluminium Metallic.

SINGLE CAB features include:

GLX

- 16-inch steel wheels with 255/70 tyres
- Headlamps (Halogen)
- Power windows and mirrors (black)
- Seat trim: Black cloth
- Air-conditioning
- Cruise control
- Lockable and illuminated glovebox
- Trip computer⁷
- 3.5-inch multi-information display
- Audio system with: AM/FM tuner, single-disc CD player (MP3 compatible) and 4 speakers
- Bluetooth® hands-free phone and audio capability¹
- USB input iPod compatible
- Steering wheel-mounted audio controls
- Floor Covering: Vinyl
- Airbags SRS: front (driver and passenger) and curtain (driver and passenger)
- Anti-lock Braking System (ABS)
- Dynamic Stability Control (DSC)
- Emergency Stop Signal (ESS)
- Hill Descent Control (HDC) – 4x4 only
- Hill Launch Assist (HLA)
- Locking Rear Differential (LRD)
- Roll Stability Control (RSC)
- Traction Control System (TCS)
- Trailer Sway Control (TSC)

GLX Wellside Model

(Special order only – 2WD only)

Includes:

- Cargo box
- Rear step bumper (chrome)
- Ladder rack
- Tailgate (lockable)
- Mudflaps (rear)
- Parking sensors (rear)

GET COMFORTABLE

The single cab features a bucket seat for the driver and bench seating for two others - all finished in durable cloth trim.

CONNECTIVITY ON THE MOVE

Make hands-free calls¹ and stream audio with built-in Bluetooth®

KEEP INFORMED

Trip computer details useful information such as fuel economy, distance to empty and more.⁷

Powertrain:

- 3.2 litre in-line 5 cylinder 20 valve DOHC intercooled turbo diesel engine
- Drivetrain: 4x2 or 4x4
- Max power: 147kW @ 3,000rpm
- Max torque: 470Nm @ 1,750-2,500rpm
- 6-speed Manual
- Fuel consumption (combined): 8.9L/100km² (4x2 Manual) 9.7L/100km² (4x4 Manual)

4x2 Chassis GLX

4x4 Chassis GLX

Mazda BT-50

FREESTYLE CAB

4x4 Freestyle Cab Chassis GLX Sport in Blue Reflex Mica (with optional tray).

4x4 Freestyle Cab Chassis GLX Sport with Black Cloth in Blue Reflex Mica.

FREESTYLE CAB features include:

- GLX**

 - 16-inch steel wheels with 255/70 tyres
 - Freestyle door system
 - Headlamps (Halogen)
 - Power windows and mirrors (black)
 - Seat trim: Black cloth
 - Floor covering: Vinyl
 - Air-conditioning
 - Cruise control
 - Lockable and illuminated glovebox
 - 8-way adjustable driver's seat
 - Trip computer⁷
 - 3.5-inch multi-information display
 - Audio system with: AM/FM tuner, single-disc CD player (MP3 compatible) and 6 speakers
 - Bluetooth® hands-free phone and audio capability¹
- Steering wheel-mounted audio controls
 - USB input iPod compatible
 - Airbags SRS: front (driver and passenger), side (front) and curtain (front and rear)
 - Anti-lock Braking System (ABS)
 - Dynamic Stability Control (DSC)
 - Emergency Stop Signal (ESS)
 - Hill Descent Control (HDC) – 4x4 only
 - Hill Launch Assist (HLA)
 - Locking Rear Differential (LRD)
 - Roll Stability Control (RSC)
 - Traction Control System (TCS)
 - Trailer Sway Control (TSC)

GLX Wellside Model
(Special order only – 2WD and 4WD)

- Includes:**
- Cargo box
 - Rear step bumper (chrome)
 - Ladder rack
 - Tailgate (lockable)
 - Mudflaps (rear)
 - Parking sensors (rear)
- GLX Sport features additional to GLX include:**
- 17-inch machined alloy wheels with 265/65 tyres
 - Side steps (tubular, aluminium finish)
 - Door handles (chrome)
 - Power mirrors (chrome)

Powertrain:

- 3.2 litre in-line 5 cylinder 20 valve DOHC intercooled turbo diesel engine
 - Drivetrain: 4x2 or 4x4
 - Max power: 147kW @ 3,000rpm
 - Max torque: 470Nm @ 1,750-2,500rpm
 - 6-speed Automatic (with Manual mode)
- Fuel consumption (combined): 9.3L/100km² (4x2 Automatic) 10L/100km² (4x4 Automatic)

VERSATILITY AND DURABILITY

All seats are finished in quality cloth trim, and how they're configured is up to you.

FREEDOM OF FLEXIBILITY

Open up your interior options with a versatile rear door configuration.

SMOOTH CRUISIN'

Maintain a consistent speed and save fuel without the distraction of checking your speedometer.

Mazda BT-50

DOUBLE CAB

4x4 Double Cab Wellside GSX in Deep Crystal Blue Mica.

DOUBLE CAB features include:

GLX

- 16-inch steel wheels with 255/70 tyres
- Headlamps (Halogen)
- Power windows and mirrors (black)
- Rear step bumper (chrome)
- Lockable tailgate
- Seat trim: Black cloth
- Floor Covering: Vinyl
- Air-conditioning
- Cruise control
- 8-way adjustable driver's seat
- Lockable and illuminated glovebox
- Trip computer⁷
- 3.5-inch multi-information display
- Audio system with: AM/FM tuner, single-disc CD player (MP3 compatible) and 6 speakers
- Bluetooth® hands-free phone and audio capability¹
- Steering wheel-mounted audio controls

- USB input iPod compatible
- Parking sensors (rear)
- Airbags SRS: front (driver and passenger), side (front) and curtain (front and rear)
- Anti-lock Braking System (ABS)
- Dynamic Stability Control (DSC)
- Emergency Stop Signal (ESS)
- Hill Descent Control (HDC) – 4x4 only
- Hill Launch Assist (HLA)
- Locking Rear Differential (LRD)
- Roll Stability Control (RSC)
- Traction Control System (TCS)
- Trailer Sway Control (TSC)

GSX features additional to GLX include:

- 17-inch machined alloy wheels with 265/65 tyres
- Door handles (chrome)
- Front fog-lamps (Halogen)

- Headlamps auto on/off function
- Power mirrors (chrome)
- Side steps (tubular, aluminium finish)
- Wipers (front) 2-speed with rain-sensing function
- Air-conditioning (dual-zone climate control)
- Floor covering: Carpet
- Leather-wrapped steering wheel and gear shift knob
- Rear-view mirror auto dimming
- Satellite navigation (with 3 years free map updates)
- Reversing camera
- Seat Trim: Black sports cloth
- Centre armrest (rear seat)
- 7.8-inch full colour touchscreen display

Powertrain:

- 3.2 litre in-line 5 cylinder 20 valve DOHC intercooled turbo diesel engine
- Drivetrain: 4x2 or 4x4
- Max power: 147kW @ 3,000rpm
- Max torque: 470Nm @ 1,750-2,500rpm
- 6-speed Automatic (with Manual mode) or 6-speed Manual

- Fuel consumption (combined): 8.9L/100km² (4x2 Manual) 9.3L/100km² (4x2 Automatic) 9.7L/100km² (4x4 Manual) 10L/100km² (4x4 Automatic)

4x2 Wellside GLX

4x4 Wellside GLX

4x2 Wellside GSX

4x4 Wellside GSX

4x4 Double Cab Wellside GSX with Black Sports Cloth in Aluminium Metallic.

SPACE AND STYLE

Accommodate five adults comfortably in black cloth or black sports cloth trim.

REVERSING CAMERA

Equipped to GSX models, the reversing camera is a great help. The view behind is automatically displayed when you reverse, making backing-up safer and easier.

THIS WAY

In-built satellite navigation (with 3 years free map updates) on GSX models leads the way, so you can relax and enjoy the ride.

PAYLOAD AND TOWING CALCULATOR

STATEMENT OF PURPOSE

The Payload and Towing Calculator⁵ has been provided to promote safe operation of your Mazda BT-50. Its objective is to ensure the aspects of **load capacity** and **weight distribution** fall within safe limits. Please use this calculator as a general guide only.

Note: To reduce complexity with this tool, we have not included calculations for Front Axle Loading. For general use situations, Front Axle Capacity is not likely to be exceeded. However, for specific requirements or unique applications, please consult your Mazda Dealer.

GLOSSARY

GROSS COMBINED MASS (GCM):

The maximum total combined weight of a vehicle including its cargo, occupants, accessories and any towed mass.

TRAILER MASS:

The total weight of a trailer and its load, including the towbar download.

GROSS VEHICLE MASS (GVM):

The maximum weight of a vehicle, including all accessories, body construction, occupants and cargo.

KERB WEIGHT:

The unladen weight of the vehicle, (less occupants, tray/body and accessories), including fuel.

TOWBALL DOWNLOAD:

The downward load that is applied to the tow coupling when a trailer is attached (this load is part of the Trailer Mass).

VEHICLE ACCESSORIES:

Any attachment/device that has been added to the vehicle after it was manufactured (e.g. tray, sports bar, canopy etc.).

REAR AXLE CAPACITY:

The maximum total weight the rear axle can carry, including the unladen weight of the axle.

PROVISIONAL PAYLOAD:

This is the INTERIM calculated payload weight, without taking load distribution into account.

PERMISSABLE PAYLOAD:

This is the FINAL payload figure, with weight distribution (i.e. rear axle capacity) accounted for.

INSTRUCTIONS

- To calculate PERMISSABLE payload for your needs in column ②, use example in column ① as a guide.
- Please work through sections A–H in sequence.
- Model-specific weights and capacities data for elements f) and p) can be found on pages 24 and 25.
- PROVISIONAL Payload is calculated by deducting fixed and variable weights from the Gross Combined Mass (GCM) or Gross Vehicle Mass (GVM) figures (where appropriate).
- PERMISSABLE (final) Payload is then confirmed once weight distribution is calculated, by checking the PROVISIONAL Payload against the maximum Rear Axle Capacity.
- For specific requirements, please consult your Mazda Dealer.

		Ⓐ Example Worksheet	Ⓑ Your Worksheet
BT-50 MODEL:		4x2 Single Cab Chassis GLX 6MT

ENJOY MAZDA BT-50 WITH CONFIDENCE

mazda commercialcare

Every new Mazda BT-50 comes with mazda commercialcare included. This comprehensive cover includes 3 years of Mazda On Call Roadside Assistance plus 3 years or 150,000km (whichever occurs first) of a comprehensive Mazda Warranty at no extra cost. It also entitles you to 3 years or 100,000km (whichever occurs first) of Fixed Price Servicing⁸

Maintain that Zoom-Zoom for no more than \$200 per service⁸

Regular servicing is essential because it keeps your Mazda in peak condition for longer, saving you money in fuel and parts, keeping your vehicle safer on the road. That's why we offer 3 years or 100,000km (whichever occurs first) of Fixed Price Servicing as part of mazda commercialcare. This means you pay no more than \$200 (incl. GST) per service at scheduled

service intervals every 6 months or 10,000km (whichever comes first)² Of course, each service will be carried out by Mazda factory-trained Service Specialists using the latest in vehicle diagnostic equipment, in order to keep your BT-50 operating at optimum driving performance.

Help is at hand – Mazda Roadside Assistance

If something goes wrong when you're travelling then we're here to help. Mazda On Call is a roadside assistance programme available to Mazda owners 24-hours a day, 365 days a year - included as part of your mazda commercialcare cover. So, if you run out of fuel, lock your keys in the car or simply forget how to programme the stereo, all you need to do

is call us. Our support centres are ready to help out with any mechanical, medical and even legal advice you might need.

Accessories add enjoyment

Mazda BT-50 combines amazing versatility with refined design. And with Mazda Genuine Accessories, owning one becomes even more satisfying. They let you personalise your vehicle and protect your investment. They also deliver superb design, quality, fit and safety. Mazda Genuine Accessories let you add even more Zoom-Zoom. Find out more about mazda commercialcare and genuine BT-50 accessories at mazda.co.nz

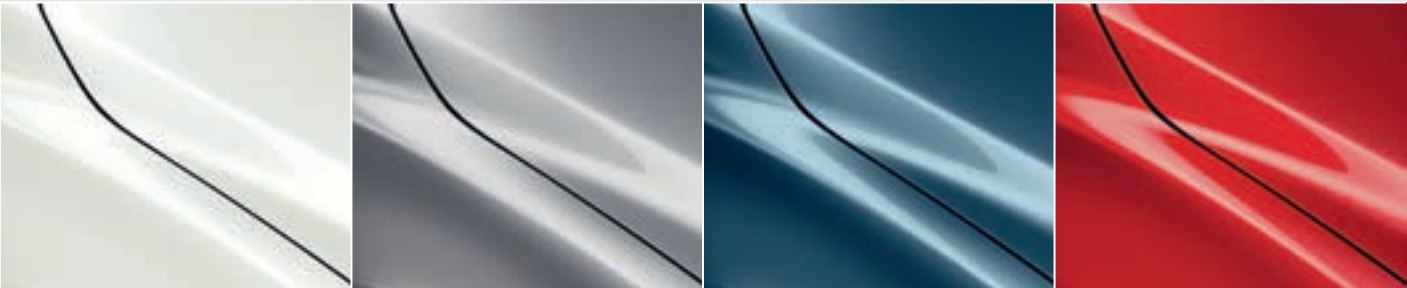

(1) Please check the compatibility of your Bluetooth® device (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Consult your Mazda Dealer for further information. (2) Fuel consumption figures are based on ADR81/02. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic, road conditions and how the vehicle is driven. Combined fuel consumption figures quoted in this brochure relate to models built on or after 1 July 2016. (3) GCM is the total permissible combined weight of the vehicle and trailer being towed including occupants, accessories, fuel and cargo. Please refer to the Towing and Payload Calculator on Pages 32/33 for guidance. (4) A Genuine Mazda towbar is recommended. Towing Capacity is governed by the Gross Combined Mass (GCM) of the vehicle not being exceeded. Please refer to the Towing and Payload Calculator on Pages 32/33 for guidance. (5) The weight of any vehicle occupants, options, accessories, modifications, cargo, axle capacity and towball download must be included when calculating payload weight. Please refer to the Towing and Payload Calculator on Pages 32/33 for guidance. (6) The Towing and Payload Calculator is a guide only; to promote safe practice in line with the safety systems and capabilities of the vehicle. Consult your Mazda Dealer for further information. (7) Trip computer displays current and average fuel consumption, distance to empty and average vehicle speed. (8) mazda commercialcare Fixed Price Servicing is only available for BT-50 'UP' series models built from August 2011 onward.

All care is taken to ensure the accuracy of this brochure at the time of publication. Specifications, features and model availability may vary from Dealer to Dealer and may change without notice. Please refer to mazda.co.nz or consult your Mazda Dealer prior to placing an order to ascertain current information on model availability, specifications, options, features and prices. Mazda Motors of New Zealand Limited will not be liable for any loss arising from the information in this brochure, whether in negligence or otherwise. Mazda Motors of New Zealand Limited, PO Box 132 057, Sylvia Park, Auckland 1644. Due to the nature of the printing process, colours may vary from those shown in this brochure. Ask your Dealer to show you a product sample. Published August 2016. MZ4900571.
